

Raphaël Tournier

PHD Student at UGA ISterre and CNRS, working on Bio-Geosciences.

Academic education

PhD (In progress) — [Université Grenoble Alpes - CNRS](#) Grenoble

Depuis oct. 2024

Doctorate on the Dispersal of Hominins in the Changing Landscapes of the East African Rift.
Supervised by L. Husson, S. Prat, and J-R. Boisserie.
Project 80Prime CRNS

Preparation for the SVSTU teaching certification exam — [Ecole Normale Supérieure](#) Lyon

Depuis 2023

Admission to the SVSTU teaching certification exam, preparation in progress. Specialization B:
Biology, Physiology, Organisms, Population, Ecology, and Evolution

Interdisciplinary Master's in Life Sciences (Master biologie) — [Ecole Normale Supérieure](#) Institut de biologie - Specialization in ecology and evolution

De 2020 à 2022

Bachelor's degree in biology — [Ecole Normale Supérieure](#) Institut de biologie

2020

Bachelor's degree in geosciences — [Ecole Normale Supérieure](#) Département de géosciences

2019

Preparatory class in Biology, Chemistry, Physics, and Earth Sciences (BCPST) — [Lycée Janson-de-Sailly](#) Paris

De 2016 à 2018

Passed (5th) the ENS entrance exam, specializing in biology

Research experience

Research internship (Master's degree) — [Virginia Tech Paleogroup dirigé par Sterling Nesbitt et Michelle Stoker](#) Blacksburg VA, United States

De fev. 2022 à juil. 2022

Description of the characteristics of different specimens, comparison with other species, computer-based phylogenetic analyses, and description of a new species.

Research internship (Master's 1) — [UMR 7194 HNHP - PaléoFED with Aurélien Mounier](#) MNHN, Musée de l'Homme Paris

De fev. 2021 à juin 2021

Determination of the morphological characteristics of cranial elements of Homo georgicus and comparison with those of other members of the genus Homo.

Research internship (L3) — [DEEM TEAM dirigé par Purificación López García](#) Laboratoire Écologie, Systématique et Évolution from Université Paris Saclay

De juin 2019 à juil. 2019

Study and identify different extremophile cyanobacteria from field collections.

Experimental immersion — [Genome dynamics and epigenetic variation in Arabidopsis dirigé par Vincent Colot](#) Institut de Biologie de l'Ecole Normale Supérieure (IBENS)

De sept. 2019 à juin 2020

Project monitored throughout the academic year in partnership with the Epigenetics Laboratory. Identification and monitoring of transposons in a model plant organism.

Langues

Anglais

Niveau C1+

Allemand

Goethe-Zertifikat B1

Competences

Computer skills

- Code: Python, Bash, R, GMT, QGIS, LaTeX

Laboratory work

- Cell manipulation: PCR, bacterial cultures, cloning, etc.

Driving licence

Others

Theater and cinema (Admission to Cours Florent 2023-2024)

Skiing and mountain trails

Scuba diving (level 1 certification)

Rugby XV

Publication

Oral presentation : EGU — [EGU](#) Wien, Austria

Juin 2026

Oral presentation : Séminaire International de Paléontologie, Évolution, Paléoécosystèmes et Paléopr — [PalevoPRIM](#) Poitiers

2026

Oral presentation : RST — [Réunion des Sciences de la Terre](#) Montpellier

2025

Poster presentation: ESHE — [European Society for the study of Human Evolution](#) Paris

2025

Oral presentation : PhD congress ISTERRE — [UGA](#) Grenoble

2025

Poster presentation : BioGeoPhylo Workshop — [BioGeoPhylo](#) Arles

2025

Poster presentation: JSAP — [Société d'anthropologie de Paris](#) Paris

2024

Other experiences

Internship supervision - Arthur Melun — Evolution of African ichthyofaunas and hydrographic dynamics — [Internship supervision](#) Grenoble

Juin 2026

Supervision of Arthur Melun's one-month Licence 3 internship on the evolution of African ichthyofaunas and hydrographic dynamics, co-supervised with Olga Otero and Laurent Husson.

Paleontological Campaign — [VT Paleogroup](#) Petrified Forest National Park Arizona et Texas.

De mai 2022 à juin 2022

Work carried out in Petrified Forest National Park in Arizona in partnership with park researchers and rangers.

Study of Polynesian ecosystems in the face of climate change — [Centre de Recherches Insulaires et Observatoire de l'Environnement](#) Moorea Polynésie Française

De nov. 2021 à jan. 2022

Work in partnership with the ENS and the Ecole Pratique des Hautes Etudes on the management of Polynesian coral reefs and marine ecosystems in the face of climate change.

Responsible for tests and practice oral exams in life and earth sciences — [Lycée Janson de Sailly](#) Paris France

De 2019 à 2022
